In Small Things Forgotten An

According to author James Deetz, the past can be seen most fully by studying the small things so often forgotten. Objects such as doorways, gravestones, musical instruments, and even shards of pottery fill in the cracks between large historical events and depict the intricacies of daily life.

In Small Things Forgotten: An Archaeology of Early ...

In Small Things Forgotten: An Archaeology of Early American Life was originally published in 1977 by anthropologist James Deetz. The book presents the idea that small objects can play big parts in an individual's life, and should therefore not be taken lightly in an archaeological investigation. The book is one of Deetz's the most popular, and has become a staple piece of literature for those studying historical archaeology.

In Small Things Forgotten - Wikipedia

First published in 1977 and expanded in 1995, James Deetz's "In Small Things Forgotten: An Archaeology of Early American Life" begins with a memorable anecdote of a New England appraiser who in 1658 included as his final entry to an estate's listing—"In small things forgotten, eight shillings sixpence"—in which Deetz calls attention to the appraiser's acknowledgment that "things that he may have overlooked... nevertheless have value" (4).

Deetz, the past

In Small Things Forgotten. By Taft Kiser December 13, 2012 12:54 pm December 13, 2012 12:54 pm. Disunion follows the Civil War as it unfolded. The past survives all around us. The trick is recognizing it. Empty fields are usually empty fields, but sometimes they turn out to be former battlefields, slave villages or farms with dead buried along ...
