Restorative Nursing Documentation ... Documentation in care plan with services provided, goals and approaches. 15

Restorative Nursing Documentation

Restorative nursing is the long-term care of residents in our skilled nursing facilities, or nursing homes. Restorative nursing helps to maintain the progress made in other therapies including physical, occupational, and speech. A plan is put into place by the resident's therapist, and the restorative aid will assist in the implementation of that plan. As its name suggests, restorative nursing helps your loved one restore his or her faculties.

QHC Iowa Restorative Nursing - Iowa Nursing Homes

A nursing care plan is a written plan of actions or an outline of the care the that the nurses provide to their patients. This plan is carefully thought out and written by conducting a patient assessment, checking the patient's medical records and doctor's diagnosis.
