The Athena Doctrine: The Rise of Feminine Values in Leadership. Visitors to Lima rarely leave the upscale Miraflores district; when they do, they quickly discover a city where huge numbers of people live in shantytowns where security, utilities, and money are in very short supply. Roughly half of the people live below world standards for poverty, and almost 20 percent exist in "absolute" poverty, which means they live on less than \$1 per day.

The Athena Doctrine is not about "the end of men." In fact, in our research 81 percent of people around the world said "you need both masculine and feminine traits to thrive in today's world." This is really a book about an emergent form of leadership, where interesting creative men and women do not define or restrict themselves by the conventions of masculine structures in business and society.
