region, plus, they lower the cost (intel) to contact adjacent regions, this reduced intel price is very important, as you can save more intel to buy stuff from the black market or lower research times.

## **How many radio relays and where? :: XCOM 2 General Discussions**

After 12 years of intermittent radio problems, replace my Terra TX 760 with this Flightline 760A. On the first test flight, the response from the ground was best 5 by 5 ever. Both the transceiver and the intercom work very well. I hope I am as please a year from now.

Radio Relays reduces the intel cost of adjacent regions when making contact. It also increases the amount of supplies of the region it's built on during the monthly supply drop. It does not increase the maximum number of regions you can make contact with, build the Resistance Comms facility aboard the Avenger instead. Before building the first Radio Relay, it requires Resistance Radio research ...

antenna, throughout this manual. The terms Comm, Radio and VHF Transceiver all refer to the aircraft communications transceiver which operates across the VHF aircraft frequency band of ... When a coax cable needs to be connected to either an antenna or to the XCOM radio it's

## **Dummies guide to aircraft antennas - C r a g g y A e r o**

The manual that came with the radio should have a schematic that will show the pin functions where all the wires mate to the radio. It's possible the radio could be at fault. Xcom doesn't have a very good reputation in the Experimental realm from what I've read and heard. Sounds more like a wiring or switch problem from your description, though.
